WELCOME

Welcome everyone to our Mater Maria Catholic College Community. We are a community that supports and cares for one another. If you or anyone you know is struggling please let us know so we can provide support that is needed. In keeping with the College Earth Care Stewardship in each newsletter we will provide updates and tips so we can all support the College in their endeavours and save you money too. THANK YOU

Thursday 7th March was Mater Maria Catholic College's Open Day. It was a wonderful celebration for our talented students to showcase their gifts and their school to the community for Catholic Schools Week. On behalf of the P&F Committee, I want to thank all our wonderful helpers on the BBQ, setting up and clearing up. You all worked so hard and your support was greatly appreciated. Thank you David H, Darren (pictured), Kate, Heidi, Niki, Juliana, Paul, David W, Nicki, Sherryn, and Tatum.

Did you know? There is a **return and earn** at Jackson Road Warriewood in the carpark of the Sport Centre and Pittwater RSL. An easy way to save money or donate to charity. Please **RETURN AND EARN** your bottles and cans.

In memory of Alana de Kort, Team Alana are walking from the Rocks Sydney to Manly on Sunday 24th March in the 27km Bob `Tug` Wilson Walk for Kids with Cancer. Please support them by joining the team or donating at <https://walk-for-kids-cancer-2019-hero.com/au/team-alana>

EARTH CARE INITIATIVES

To support our College and students in Earth Care initiatives the P&F have listed a number of ways that you can help protect our environment as well as save some money.

- 1. Stop buying water in a bottle** – get a reusable bottle and fill as required. The College does have a filling station on the oval and taps at various locations

- 2. Walk or ride a bike wherever possible** and leave the car at home. If you have to take the car try carpooling.

- 3. Pack waste free lunches.** These are healthier and cheaper for your family and better for our environment and local economy if we buy fresh produce from local growers.

Get involved with Our Earth Care Initiatives at home and save money while you save our planet.
