SPORTNIGHTLY REVIEW

TERM 4 WEEK 9

Broken Bay Girls U14 Rugby 7's

What a fabulous day we had on the Central Coast for the first annual Broken Bay Girls Rugby 7's gala day. The day was heavily supported by NSWRU who refereed and coached from the middle of the field and started the day with a development session making sure the girls had correct tackling technique and safety being paramount. The girls (made up of year 7 and 8 girls) showed great skill, determination and courage on the field with many girls never having played rugby 7's before. They worked as a team and supported each other both in attack and defence. With Broken Bay being an official pathway to Australian School Girls Rugby, Mater is well on its way to producing some quality players. Mater finished 3rd overall, just missing out on the final.
