

# Install on a MacBook

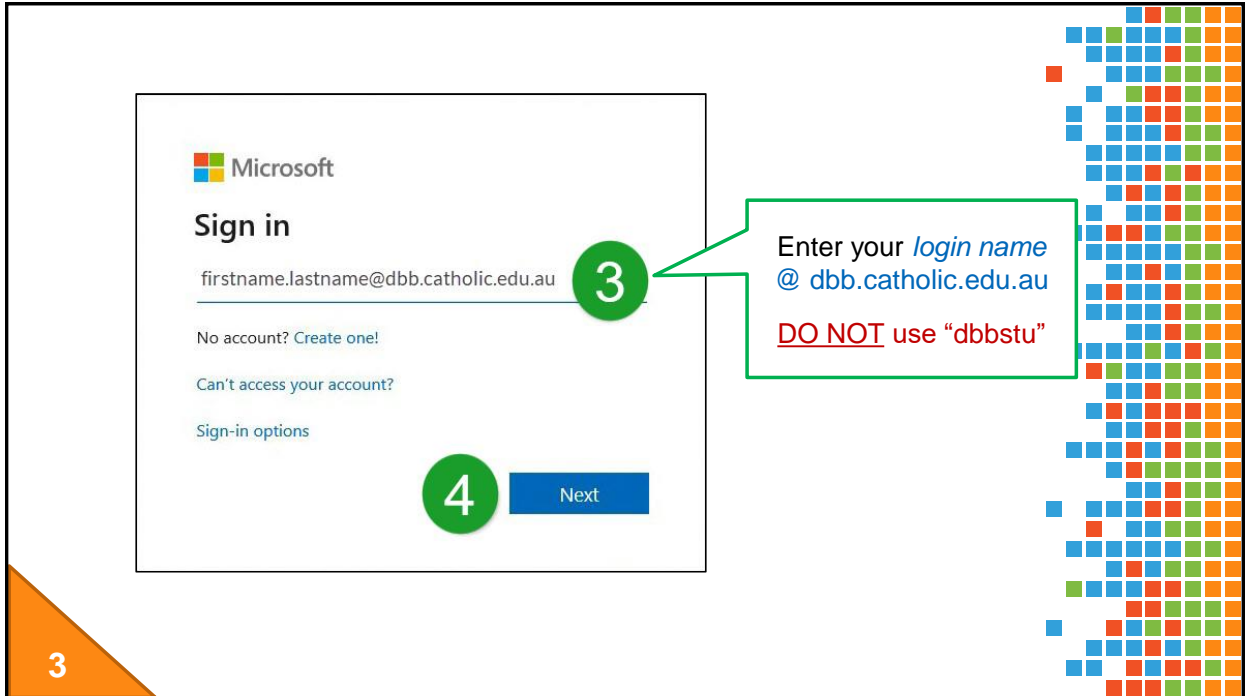

1

2

The screenshot shows the Microsoft Sign in page. The Microsoft logo is at the top left. Below it, the text "Sign in" is displayed. A text input field contains the email address "firstname.lastname@dbb.catholic.edu.au". A green circle with the number "3" is placed over the input field. A callout box with a green border points to the input field, containing the text: "Enter your *login name* @ dbb.catholic.edu.au" and "**DO NOT** use 'dbbstu'". Below the input field, there are links for "No account? Create one!", "Can't access your account?", and "Sign-in options". At the bottom right, there is a blue "Next" button. A green circle with the number "4" is placed over the "Next" button. An orange triangle in the bottom-left corner contains the number "3". On the right side of the page, there is a decorative graphic of a grid of colored squares (blue, green, orange, red) forming a stylized shape.

Enter your *login name* @ dbb.catholic.edu.au  
**DO NOT** use "dbbstu"

The screenshot shows the Microsoft account selection page. The Microsoft logo is at the top left. Below it, the text "It looks like this email is used with more than one account from Microsoft. Which one do you want to use?" is displayed. There are two account options listed: "Work or school account" and "Personal account". The "Work or school account" option is highlighted with a grey background and has a green circle with the number "5" next to it. Below the account options, there is a link: "Tired of seeing this? [Rename your personal Microsoft account.](#)" and a "Back" button. An orange triangle in the bottom-left corner contains the number "4". On the right side of the page, there is a decorative graphic of a grid of colored squares (blue, green, orange, red) forming a stylized shape.

5

This screenshot shows a sign-in page for the Diocese Of Broken Bay. It features a header with the organization's name and a 'Sign in' label. Below this are two input fields: one for an email address (pre-filled with 'firstname.lastname@dbb.catholic.edu.au') and one for a password (pre-filled with 'your password'). A blue 'Sign in' button is positioned below the password field. Three callouts are present: a green circle with the number '5' in the bottom-left corner of the page; a green circle with the number '6' pointing to the password input field; and a green circle with the number '7' pointing to the 'Sign in' button. A green callout box with the text 'Enter your password' also points to the password input field. The right side of the page is decorated with a grid of colored squares in blue, green, orange, and red.

**Stay signed in?**  
Do this to reduce the number of times you are asked to sign in.

Don't show this again **8**

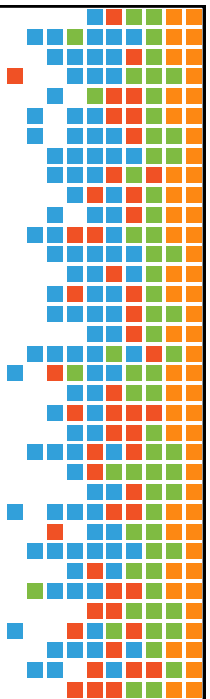

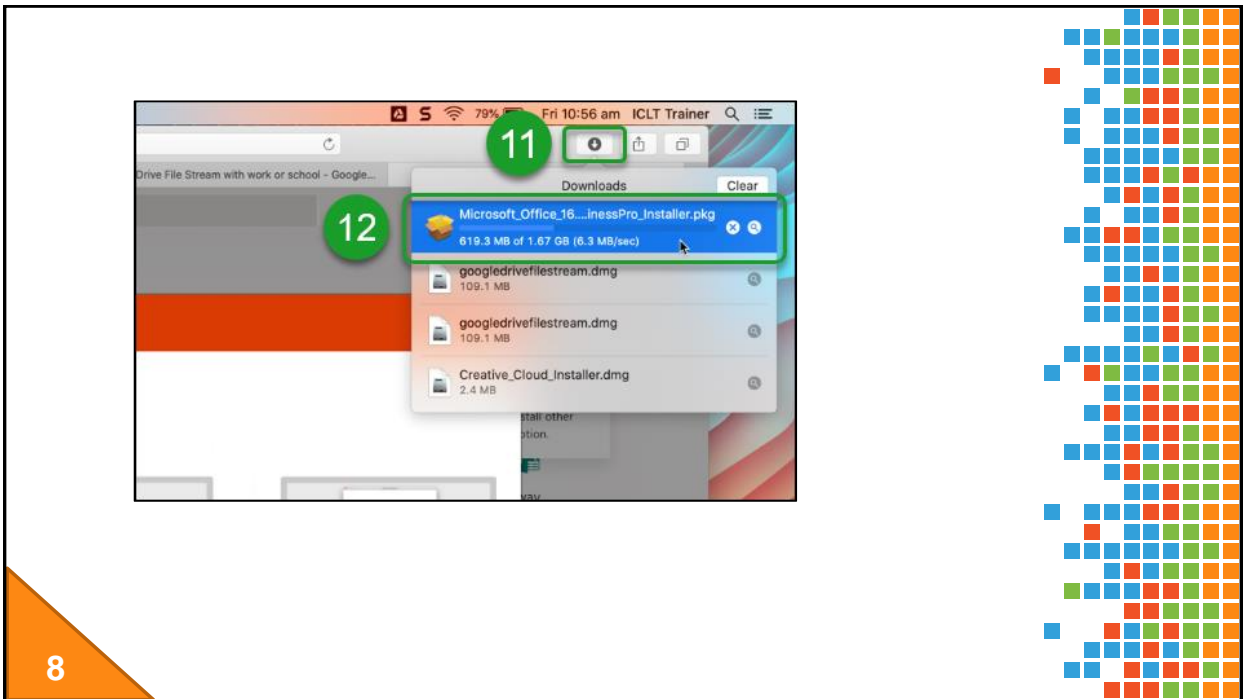

No Yes

6

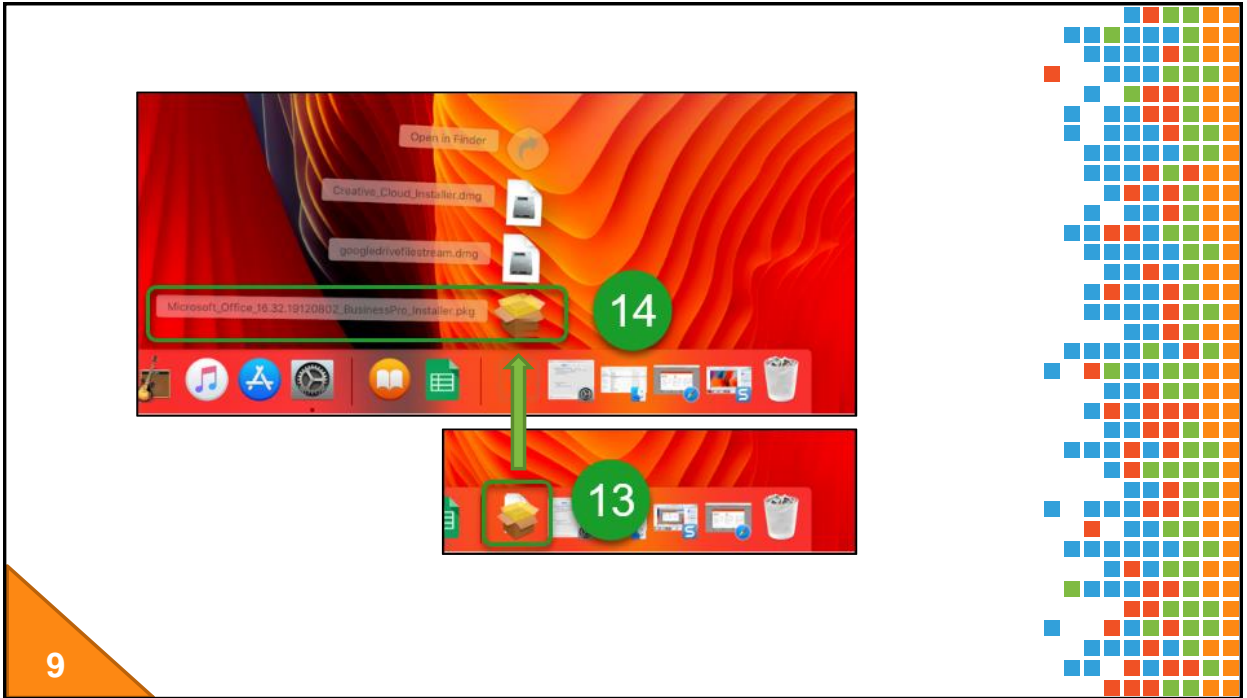

This screenshot shows a Microsoft dialog box titled 'Stay signed in?'. The dialog box contains the Microsoft logo at the top left, followed by a blurred line of text. Below the title, there is a question: 'Do this to reduce the number of times you are asked to sign in.' Underneath this question is a checkbox labeled 'Don't show this again' with a green circle containing the number '8' next to it. At the bottom of the dialog box are two buttons: a grey 'No' button and a blue 'Yes' button. The number '6' is located in the bottom-left corner of the page. The right side of the page is decorated with a grid of colored squares in blue, green, orange, and red.

Microsoft AutoUpdate

Required Data Notice

Microsoft AutoUpdate helps update your Microsoft applications for Mac. We collect required diagnostic data to keep Microsoft AutoUpdate secure, up to date and performing as expected on the device it is installed on. This data relates to the basic functioning of Microsoft AutoUpdate and does not include your name, file contents or information about apps unrelated to the Microsoft applications it helps keep up to date. The applications Microsoft AutoUpdate services may provide you with an option to send optional diagnostic data to Microsoft. If you opt in to sending optional diagnostic data, that choice will also apply to Microsoft AutoUpdate.
