SCU Star Early Offer Program 2021 PDF

The STAR program allows you to secure your place in a Southern Cross University degree before your ATAR results are even released. It's designed to remove some of the pressure from Year 12 and give you a pathway directly into university study that is not based solely on your ATAR.

Why should I apply for STAR?

This program allows you to gain an offer into a Southern Cross University course of your choice, based on your high school grades and your school principal's recommendation.

This means that STAR does not take your ATAR into consideration. It's free to apply through STAR and it's a simple online application.

STAR - What can I study?

You can apply for any undergraduate degree program offered at Southern Cross University across our three campuses as well as online study. With such a broad range of degrees on offer, it's an amazing opportunity to think about your skills, your passions and your future.

University of Newcastle - Startup Stories

Tricia Martin (Virtual Intern) Zoom

3 March. 8am to 9am

Tricia Martin is a 2020 Technology I Award Finalist and Foundation of Young Australians Social Pioneer, focused on building practical and real-world solutions for young people's career readiness. In response to an increasingly digital age and the rising youth unemployment that a COVID-19 climate has induced, Tricia knew that, more than ever, Hunter youth needed to be prepared for the world of work before finishing school.

Conservatorium Songwriting Workshop

13 March. 3pm to 6pm

In this 3-hour Masterclass, Keppie will dive deep into the world of song form, breaking down the components of contemporary song structure and form. By looking at examples, as well as working through guided writing exercises, the aim of this face-to-face experience is to:

- Become familiar with the function of song sections;
- Understand a variety of song forms available to contemporary songwriters;
- Practice writing lyrics that express the movement of ideas through those different sections; and
- Explore musical considerations that will help support the creation of tension, and the delivery of resolution in satisfying and delightful ways.

Within the 3 hours, there will be time for writing, Q&A, and musical performances

Rising Stars at the Con

The Rising Stars at the Con is a dynamic performance-based music education program. The program provides gifted school-age students with specialist tuition in a supportive environment that helps develop their musical and artistic skills.

At Rising Stars, we identify talent at an early age, laying a constructive foundation for a lifetime of musical achievement. Supported by the Sydney Conservatorium of Music faculty, the program is based on proven values of quality instrumental teaching, structured academic development, regular performance and the benefits of a strong and supportive musical peer group.

The Rising Stars program operates on 3 levels: Foundation Stars, Emerging Stars and Premier Stars to provide a development pathway for musical talent.

The Rising Stars program runs for on Saturdays 14 weeks per semester, with 2 semesters each year and entry is by audition only. For more information, please refer to the '[How to Apply](#)' page.

<https://openacademy.sydney.edu.au/Rising+Stars>

Are you planning to audition for a Conservatorium tertiary degree in jazz?

Be well informed about the audition requirements and process so you can achieve your best result in this highly competitive field.

This three hour workshop includes discussion and demonstration of the process, a mock Jazz aptitude test and the opportunity for some students to have their mock audition critiqued by members of the Tertiary Jazz staff in front of your peers (this is optional). This is an invaluable opportunity to ensure your optimum preparation for the "real thing".

If you wish to do submit a mock audition we recommend you have a look at the tertiary course audition requirements and prepare yourself as suggested [CLICK HERE](#) Down the right hand side of the page you will see the link to undergraduate audition requirements.

Apply USA –2021-2022 Common App Essay Prompts

The Common App essay prompts will remain the same for 2021-2022 with one exception. We will retire the seldom used option about solving a problem and replace it with the following:

Reflect on something that someone has done for you that has made you happy or thankful in a surprising way. How has this gratitude affected or motivated you?

We will also retain the optional COVID-19 question within the Additional Information section.

The new prompt is inspired by scientific research on gratitude and kindness, specifically the benefits of writing about the positive influence of other people in our lives.

This mindset resonates with Common App President & CEO Jenny Rickard. “Particularly at this challenging time, we can help students think about something positive and heartfelt in their lives,” she explains.

“And we can do it explicitly.”

Overseas medicine internship opportunities for high school students

We understand that getting medical work experience as a student can be extremely difficult. We offer young people from secondary and senior secondary school a safe, guided experience into the world of medicine through our High School Special Projects. Our medical internships abroad for high school students focus on experiential education, so you learn by doing. You can expect to:

- Shadow doctors and other medical professionals in busy hospitals and clinics
- Attend medical workshops and seminars
- Get first-hand insight into the healthcare challenges people face everyday
- Participate in community healthcare outreaches that serve people in need
- Learn essential medical skills like measuring blood pressure and blood sugar levels
