UNIVERSITY

Business Cadetships

Opens - Monday 8 March 2021

Closes - Wednesday 26 May 2021

As a Business Cadet, typically you combine university study in Sydney with paid work at UBS or Barrenjoey Capital Partners in Sydney. The Business Cadetships Program allows you to choose the university where you will study and allows you latitude in your choice of degree program.

Over the last fourteen years, Professional Cadetships Australia has provided Year 12 students with the opportunity to apply for a cadetship with leading companies in the financial services industry, including UBS, Bank of America Merrill Lynch, BNP Paribas, Westpac, QBE and Zurich. In 2021, the Business Cadetships Program offers exciting cadetship opportunities in a range of business areas at UBS and at Barrenjoey.

Program Director: Alister Wilkinson. Contact: director@professionalcadets.com.au

When is ADFA Open Day?

21 August 2021

This is a chance for potential ADFA candidates, Defence families and members of the community to learn more about the lifestyle, military training and tertiary education on offer at the Academy. There is also a range of military displays by the Navy, Army and Air Force to give you a snapshot of some of the careers available to you in the ADF.

Thousands of people attended the 2019 ADFA Open Day and enjoyed the RAAF solo Roulette display, Police military working dogs display, and a simulated ground based infantry attack by ADFA Midshipmen and Officer Cadets. Army vehicle displays, Army Parachute Display Team, Navy helicopters and much more. ADFA's Midshipmen and Officer Cadets ran

stalls, selling food and interacted with families and potential candidates to provide them with insight into life at ADFA.

Further details about the 2021 ADFA Open Day, including any restrictions on attendance due to the ongoing COVID-19 pandemic, will be advised as they become known.

<https://www.defencejobs.gov.au/search?query=OPEN%20DAY&page=1&perPage=21&jobStates=full-time>

ACU Talking with Nurses, Midwives and Paramedics

20 April. 6pm

Join us online to hear from ACU alumni about their experiences working as nurses, midwives and paramedics. Take part in a Q&A session with our graduates and learn what it is like working on the frontline and using your skills to help people when they need it the most.

Caring for others gives more than it takes. A career in nursing, midwifery or paramedicine means a career helping others.

<https://www.acu.edu.au/about-acu/events/2021/april/talk-with-nurses-midwives-and-paramedics>

ANU How to Apply Direct 2022 - Consider which ANU programs are best for you

Opens 3 March 2021

Closes 24 May 2021

Here are the first couple of steps to follow. The remainder are to be found using the link below:

Step 1 - Check you're eligible to submit a direct application to ANU

You are eligible if:

- You completed Australian Year 11 or International Baccalaureate Year 11 and will complete your Australian Year 12 studies in

2021 or an International Baccalaureate Diploma in November 2021.

- You will be applying for an undergraduate program that starts in 2022.
- You are a domestic student, this includes:
 - Australian citizens;
 - New Zealand citizens;
 - Holders of an Australian permanent humanitarian visa; and
 - Permanent residents of Australia.

Step 2 - Consider which ANU programs are best for you

View [Programs and Courses](#) to find a program that best suits your interests.

You can also view admission requirements including minimum selection rank, prerequisites, study options, and any additional entry requirements that are required as part of your application.

Step 3 - Check that you meet the co-curricular or service requirement

The co-curricular or service requirement considers the knowledge you have developed outside of the classroom and recognises this in your ANU application.

You'll need to provide documentation to support your activities over the last two years, such as school reports or certificates for community activities. You can view [examples of documentation](#) we accept, or use our [supporting documentation template](#) to help.

Find out if you meet the requirements by using our [co-curricular or service calculator](#).

Full details on all the steps to apply are below:

<https://www.anu.edu.au/study/apply/domestic-applications-anu-undergraduate/applying-to-anu-application-details/how-to-apply>

Neuroscience Night at UNSW

17 March. 6pm

Brain Awareness Week is a global event which focuses on raising awareness of the progress and benefits of brain research. Join UNSW for an evening of brain science, hear how neuroscience helps us prepare for

the future, and how it applies to the law, economics, and ethics.

Hear from [Dr Jay Bertran-Gonzalez](#), head of the [Neuromodulatory Systems & Behaviour team \(NeuroModuLab\)](#), one of the founder groups of the Decision Neuroscience Laboratory in UNSW Psychology. His work looks at decision making and his talk, titled "Your brain lives in the future" will outline how the brain uses information in the present to build a virtual future, and how this is the basis for learning from and adapting to the real future.

<https://www.events.unsw.edu.au/event/neuroscienc-e-night>

Engineering Higher Degree Research Info Sessions at UNSW

23 to 25 March. 5.30pm to 6.30pm

Interested in an Engineering research degree, how this can benefit you and prepare you for the jobs of the future in a fast-changing world?

Whether you are an undergraduate student seeking more information on the options available to you after your degree, or a postgraduate student or alumni wanting to continue lifelong learning and enhance opportunities in the job market - join us to find out more!

Learn about Engineering Higher Degree Research degrees (HDR) - the Doctor of Philosophy (PhD) and the Master of Philosophy (MPhil).

Sessions are available across our range of 8 Engineering Schools, where you will hear from expert panels of academic staff and current HDR candidates <https://www.events.unsw.edu.au/event/engineering-higher-degree-research-info-sessions>

UNSW 2022 Undergraduate Guide

Turn your interests into world-changing ideas at UNSW. Regardless of what you want to study, you'll build the skills, experience, knowledge and connections to bring your ideas to reality. Get inspired to create the best version of your future self, use this guide as your starting point.

https://www.futurestudents.unsw.edu.au/sites/default/files/2022-DOM-UG-Guide_2021-02-11-digital.pdf

University of Sydney Tours of the Con | Every second Tuesday afternoon

Book your tour to discover the Sydney Conservatorium of Music campus and learn more about the student experience, opportunities and other aspects of life as a music student.

<https://www.sydney.edu.au/music/news-and-events/events-and-resources-for-prospective-students.html?tc=edm|stud|mc-student|edu-staff-hss|%20>

University of Sydney HSC Society and Culture support

Expert consultations 29 March - 1 April
These 15 minute, virtual consultations aim to support HSC students with their personal interest projects. Students will be matched to an expert in the same field as their PIP. Students from Aboriginal and Torres Strait Islander, low SES backgrounds, or in rural/regional areas are particularly encouraged to apply.

Submit an expression of interest by 12pm, 17 March
Questions?

Contact fass.partnerships@sydney.edu.au

Essential Medicines

17 March

Year 9 & 10 students learn key STEM researching skills in the name of citizen science with the help of real scientists. This virtual program takes the students through the ethics and science of making and distributing medicines around the world.

<https://www.sydney.edu.au/science/industry-and-community/community-engagement/essential-medicines.html>

Didn't get the ATAR for entry - Diploma of General Studies CSU

Would your career aspirations be boosted by a university degree? The Diploma of General Studies from Charles Sturt University is an admission pathway program offering you guaranteed entry to most of our bachelor's degrees. It could be your perfect first step to bringing to life a broad range of career choices and opportunities.

Our Diploma of General Studies is an admission pathway into undergraduate education, creative industries, computer science and information technology courses. If you're looking for an admission pathway into other undergraduate degrees, consider the [Charles Sturt University Pathway](#).

<https://study.csu.edu.au/courses/pathways/diploma-general-studies>

Western Sydney University The Academy Scholarships

The Academy gives academic high-achievers an added edge – in study and with employers. It's free to join. Offers you the challenges and intellectual rigour you crave. Focuses on community engagement, and personal and professional development. Prepares you to be a leader of tomorrow.

The Academy is unique to Western. We enrich your learning experience and invite you to become an engaged and informed citizen through unlimited opportunities.

Professional and personal development is at the heart of what we do. Discover our global leaders program, community engagement and service, advanced degrees, scholarships, and professional networking events
<https://www.westernsydney.edu.au/future/study/courses/the-academy.html/scholarships>

Discover Western: School Staff- HSC True Reward, Pathways & Early Offer Information Session

Thursday 29 April. 3.30pm

At Western we offer students the best chance for success. Join us to hear about our early offer programs in 2021. Learn about how students can apply and receive conditional offers, as well as explore pathways to University. Hear from staff and students at Western directly to have all your questions answered.

<https://www.westernsydney.edu.au/future/student-life/events/western-webinars.html>

ANU - What will engineering look like in 2050?

16 March 2021. 5pm

Much has changed in the field of engineering and the wider world over 30 years. The world in which we live is changing at an increasingly rapid pace, and technology and innovation continue to play an ever-increasing role in our day-to-day lives.

Engineers have been at the forefront of this change and played vital roles in finding solutions for the issues of our time - whether that be in automation, climate change, or dealing with pandemics. Looking forward another 30 years to 2050, how will the world and engineering have changed? And what will engineering look like then?

Join us and our panel of experts for a discussion on the changing face of engineering as we look at trends for the future. We will also be holding a sneak

preview into our newly renovated Birch Building, part of the new School of Engineering.
<https://www.anu.edu.au/alumni/events/what-will-engineering-look-like-in-2050>

The best Australian universities to study health services and support

A career in health services and support is a rewarding experience as it makes a big difference in people's lives. Whether it's a position as a dental assistant, anaesthetist or carer, there are plenty of job opportunities in health services, as it's one of the fastest-growing industries.

[The Good Universities Guide rankings](#) look at Australian universities' specific strengths, offering insight to support and guide decision-making when choosing a university. View the rankings in terms of how each university performs overall, or you can narrow down by field of study and state.

We looked at which universities with undergraduate health services and support degrees performed best in full time employment, teaching quality and graduate salary.

[Click here for more info.](#)

School Workshops at the Con

Conservatorium Open Academy can provide your school with a fun, engaging music workshop here at the Sydney Conservatorium of Music. Our workshops are designed for High School students but some can be adapted for primary students. We're keen to be flexible so take a look at the standard options below then complete the form with a brief description of your dream workshop for your students and we'll see what we can do.

MUSIC FROM JAPAN – SHAKUHACHI BAMBOO FLUTE DEMONSTRATION/WORKSHOP

Shakuhachi Master Bronwyn Kirkpatrick will present this workshop and demonstration introducing the shakuhachi, the traditional Japanese bamboo flute. The demonstration will include the history of the shakuhachi and performances of different styles of music, from Zen Buddhist to contemporary. There will also be plenty of opportunity to try it out for yourselves! In the workshop we will work on making sound, and we will learn to read basic Japanese notation and to play some simple Japanese folk songs.

WORLD MUSIC WORKSHOPS

These workshops will investigate traditional music of the Balkans (eg. Bulgaria, Macedonia, Serbia, Croatia). We can offer either a vocal workshop or instrumental (students can bring their own guitars, brass, woodwind and we can supply percussion and keyboards). Students will learn to sing/play songs from this region.

LYRIC WRITING

Do your students make up their own songs? Would they like to? Writing song lyrics is a way for all students to be able to participate in making songs, whether they are skilled at playing a musical instrument or not, and this workshop will use different kinds of creative activities to engage them in the process of writing lyrics to their own songs, or to collaborate with others. Writing lyrics can also be a great way for students to listen deeply to the music they enjoy, and can also be a useful emotional outlet to articulate their experiences as young people. Combining their own vocabulary, voice and views of the world, and opening up their minds to the creative possibility of words in general, students can discover ways to access emotions and ideas they might not have otherwise found. At the end of this class, students will have learned about some really fun and simple aspects of music and will also have perhaps found a great new way to express themselves in lyrics and words.

INTERESTED?

Workshops are run on an "as requested" basis subject to tutor and room availabilities. The cost per student for a 90 min workshop is \$22 (this includes GST). There is a minimum number of 10 students

To request more info or apply for a workshop and/tour **please click here.**

<https://openacademy.sydney.edu.au/course/WFGWK>

Simulated UCAT Day Workshop: 2-Day program

If you are in Yrs. 10, 11, 12, or perhaps you may be older and considering sitting the UCAT in the future, then this program is for you. The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT.

This event will be conducted by the **National Institute of Education** in partnership in partnership with **UCAT Preparation Australia**, **MICAS** (Medical Interviews and Career Advice Services) and **PTTI** (Pro Training Tutorial Institute).

The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into more comprehensive and holistic exercise, which not only achieves its

primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-Day event as the sheer amount of content covered was too great to fit into a 1-day program.

Live Web Class	27 Mar 2021	10am - 5pm
Live Web Class	24 Apr 2021	10am - 5pm
Live Web Class	23 May 2021	10am - 5pm

<https://www.shillingtoneducation.com/au/graphic-design-course/info-sessions-and-graduation/>

Sydney Dance Company Online School Workshops

SYDNEY DANCE COMPANY

Sydney Dance Company offers a range of Primary and Secondary School dance workshops that can either be delivered to your students as they continue their learning at home or in the classroom together. Workshops and Classes can be tailored to suit your school program, level of student ability and area of study. If you are teaching the dance specific curriculum, exploring dance within the PDHPE curriculum or delivering an engagement program with first time dancers, we can support you in designing an activity to challenge, engage and inspire your students. All workshops are delivered through the online meeting platform Zoom.

Depending on the style of dance selected, students will develop their dance technique, creative thinking and performance skills, in a fun and engaging environment. Taught by Sydney Dance Company Teaching Artists, students will be guided through a technique warm up and learn a genre-specific routine.

For more information

contact: education@sydneydancecompany.com or call 02 9258 4800.

<https://www.sydneydancecompany.com/schools/schools/>

Event Starter Course College of Event Management

This course is designed to provide you with a thorough introduction to the skills and knowledge required to work in events. The course content relates to the planning, production and evaluation of events and is relevant to many different event types and industry roles.

<https://www.collegeofeventmanagement.com.au/courses/event-starter/>

Australian Theatre for Young People Weekly Classes

If you're looking for a fun and challenging drama class outside of school then ATYP is for you. Our weekly drama classes are broken into two semesters annually and run seven days a week throughout the school terms. All classes are led by dedicated, industry trained actors and directors who will improve your acting skills in an exciting and encouraging environment.

When joining a class for a semester, you can expect to spend the first term developing performance skills. Acting classes can include acting for stage, acting for screen, comedy, drama, verbatim theatre, self devised work, audition techniques and many other drama skills. In the second term you will continue developing these skills as you work with your tutor to create an end of semester showcase performance.

<https://atyp.com.au/workshops/weekly-drama-classes/>

AFTRS Celebrating Women

9 March

In celebration of International Women's Day, writer/director Corrie Chen, factual executive producer Debbie Cuell, director/writer/actor Leah Purcell, documentary producer Laurie Critchley and producer/writer Samantha Strauss discuss their recent projects and share insights into their exceptional careers with legend-in-her-own-right Anita Jacoby OAM.

<https://www.aftrs.edu.au/news-and-events/events/meet-the-creators/>

April School Holiday Courses at AFTRS

AFTRS run a variety of courses in each of the four school holidays. Their workshops are taught by industry professionals using industry standard equipment and, where appropriate, are held in AFTRS' state-of-the-art film, TV and radio studios. Enrol here

https://www.aftrs.edu.au/course-types/school-holidays/?utm_source=CAA&utm_medium=eNews&utm_campaign=School_Holiday_Courses

Premier's Debating Challenge

Entries in the 2021 Premier's Debating Challenge are now open! This year we'll be back to the standard debating timetable, though the earlier debates will still need to happen online in most instances. Don't worry though - insofar as we're able we'll ensure you're drawn against nearby schools so that you can get together in person once the situation allows. In other news, please note that we will no longer be running the Year 11 Metro debating competition for the Karl Cramp trophy. Students in Year 11 are encouraged to compete in the state-wide Years 11&12 age division. If you have any queries about this change please contact the Speaking Competitions

Officer at (02) 8512 1172 or
email debating@det.nsw.edu.au

Competition Information

The Premier's Debating Challenge is open to all NSW government schools, with the aim of developing the public speaking and reasoning skills of students from Years 5 to 12. Please note that if you prefer you can [download the information included below as a two-page PDF by clicking here.](#)

<https://www.artsunit.nsw.edu.au/speaking-competitions/premiers-debating-challenge>

CSIRO Virtual work experience program

Are you the parent of a Year 10 or 11 high school student? Your child can gain first-hand experience of CSIRO's research in science or engineering by participating in our 2020 Virtual Work Experience Program.

The virtual work experience program supports students to undertake work experience despite COVID-19 interruptions and provides access to work

experience opportunities for students who may face geographic or other barriers to participating in traditional work experience. It also allows students the opportunity to experience contemporary ways of working, from homes, and with people across geographic boundaries, just as CSIRO scientists do every day.

Virtual work experience allows students to undertake collaborative, group science, technology, engineering and maths (STEM) projects, including projects linked to real-world CSIRO research and industry challenges. Instead of students attending a CSIRO site, experienced CSIRO staff or STEM industry professionals will supervise groups of students remotely using a secure online platform. The groups will comprise up to five students who may be remote from each other and who will work together to complete work and tasks that can be used as part of portfolios and help inform their study and/or career plans.

<https://www.csiro.au/en/Careers/Work-experience>

From Science Fiction to Science Fact

Year 9-10 students will hear from real STEM researchers on transforming science fiction technology into reality. They then brainstorm, create a prototype and pitch their own entrepreneurial creations to their peers and STEM experts for a chance to win cash prizes! The program is virtual and discounts for 30+ groups.

<https://events.humanitix.com/grand-challenges-science-fiction-to-science-fact>

Introducing Projects Abroad's High School

Projects Abroad are excited to announce the dates and projects for our 2020 High School Specials. These projects are fully supervised group trips specifically aimed at volunteers in Years 10 & 11. This summer our projects are running from the 8-21st December and the 5-18th January 2020 in a range of countries like Nepal and Cambodia.

<https://www.projects-abroad.com.au>

Camp America Online Info Session - Sydney

Cyber Teacher – 2021 Virtual Workshop Series

LifeJourney is pleased to announce the 2021 edition of our Cyber Teacher online workshop series! The workshops are designed to build a foundation understanding of the cyber security field for secondary teachers and careers advisors in Australia. The Cyber Teacher course is a key component of the Australian Signals Directorate's CyberEXP program.

The workshops will be available every term and will feature Australian teachers discussing their experiences teaching cyber security in the classroom, perspectives from industry professionals and a briefing on learning resources around the country.

Workshop Dates (click the links below to register)

- [Term 1 – 24th March \(REGISTER\)](#)
- [Term 2 – 19th May \(REGISTER\)](#)
- [Term 3 – 18 August \(REGISTER\)](#)
- [Term 4 – 10 November \(REGISTER\)](#)

Each workshop will take place online from 4:00-6:00pm AEST.

The workshops are available free for all teachers in Australia and are registered PD for teachers in ACT (via TQI), addressing standards 3.4.2, 4.5.2, 6.2.2 and 7.4.2 from the Australian Professional Standards for Teachers.
