ENGLISH

Essay Writing Workshops

The English Department has started running Essay Writing Workshops for Year 12 Students of Advanced and Standard English. Our goal is for students to prepare themselves for facing HSC-style, unseen examination questions, by developing concrete strategies and self-confidence.

Our initial sessions have seen a strong and enthusiastic uptake by students, a demonstration of the motivation they have to do well in HSC English. A number of English teachers have also generously given up their time to ensure students receive individual feedback and support during these sessions.

Our workshops will continue to run each week on a Wednesday afternoon, from 3.30pm to 4.30pm. Each week will alternate between Advanced and Standard English and all students are welcome and encouraged to attend.

Please contact Mr Duncan at the College should you have any questions.
